REVAN

Season 1 - The Butcherer

Episode 04 – Death of Hope

We open to Revan and Ekhralon walking through the endless black titanium Star Forge walkways, each step the red lighting ignites, to Timeless by The Weeknd and Playboi Carti – 0:24 onwards. Sith moving away from them as they pass. They enter the main conference room and sit down as the song cuts. There are other Sith sitting there. One says:

"Revan, we see your new apprentice is doing well… and is he Chiss?"

Ekhralon says:

"She."

The Sith Lords laugh. A flash of red lightning fires from her hand hits one of them. The laughing Sith convulses, flesh burning. His screams echo through Star Forge. The smell of scorched robes fills the chamber. Revan doesn't even look. He calmly lifts his drink, sips, and says:

"So… the Sith Empire now sends its weakest mouths to speak. Why are we wasting time?"

The two of them left stand and one of them starts:

"Darth Revan, the Sith council courteously invites your presence at their annual Gala."

Revan puts his drink down and grabs the scroll and looks at it. He throws it in the river of molten metal outside of the window and says:

"I'll be there."

There's a silence. Revan looks at them and says:

"You can fuck off now."

They hurriedly leave. As Revan watches them leave, Ekhralon says:

"A Sith Gala?"

Revan sighs and then turns to her and says:

"Like the rich senators used to have or still have, I guess. A bunch of powerful sith gather around and talk about their exploits."

He changes to a mocking tone:

"Oh, I'm so good at ship repair!"

Ekhralon laughs and says:

"I never knew the Sith were such a community."

Revan says:

"It's just like the Jedi, but we all wear black and secretly hate each other."

She laughs and he joins in after taking a sip of his drink. Malak looks on in disgust. He turns around to the other Sith and says:

"Revan coddles that Jedi brat!"

One of them say jokingly:

“ooooh no Malak, she’s more powerful than you…”

Malak kills him with force lightning, and the others cower away and he says, voice echoing through star forge:

“Anyone else want to test me today?”

We cut to Bastila and her Padawan helping the cleanup effort on Ekhralon’s old planet. The templar guards are carrying covered bodies into ships and her padawan asks:

“Master, who would do such a thing?”

Bastila says:

“There’s only one that I can think of.”

The padawan says:

“Darth Revan?”

Bastila says:

“How do *you* know that name?”

The padawan says:

“Oh, I’ve been listening to your conversations when you run off. It’s fun.”

Bastila chuckles and says:

“You shouldn’t be doing that; it could be something secret!”

The padawan says:

“You know I won’t tell anyone.”

They enter the temple and a templar guard hands Bastila a tablet and says:

“Master, they’ve taken all the holocrons, Sith and Jedi alike.”

Bastila looks in shock and says:

“What is he building a library?”

The guard says:

“I have no idea, but that’s all they took.”

Bastila says:

“Was there anything important, dark sith secrets? Jedi secrets?”

The guard says:

“No but there was a holocron detailing the design and build of Coruscant’s early catacombs and sewer systems.”

Bastila says:

“Ensuring them an easy escape or entry for smuggling.”

She gives the tablet back and says:

“Do we have a copy?”

The guard says:

“Unfortunately, no, only important holocrons are copied, these aren’t.”

She sighs and says:

“Thank you for your help, could you assist the others?”

The guard salutes and walks away. Her padawan asks:

“Why would they need diagrams of Coruscant’s sewer system?”

Bastila responds:

“To take out any powerful leader they choose to, destabilizing relations, potentially leading to an all-out war. Or smuggling things, people in and out. They could do anything…”

Her padawan looks over at the dead Jedi pausing and then turns to her and says:

"And this isn't all out war?"

Bastila looks over and says:

"It does feel like it, doesn't it."

We cut to the Sith Gala, Lacrimosa starts to play. Thousands of Sith are standing outside. We get shots of the temple, the sith, and then finally the 3 of them walking through the crowd. Sith start to move to the side once they see who it is. They cut through and walk through the crowds of people; they start to walk up the obsidian grand central staircase into the entrance of the throne of sith power. As they enter, we see the room go quiet as the song comes in during its peak. The man in the chair, an Anzati, an ancient sith vampire culture. Revan walks in and the room goes quiet with the music, as the three enter. The leader of the Sith looks down and up to Revan. Revan says:

"You called?"

The Anzati smiles and says:

"It's good you've finally come to a Gala."

Revan says:

"I'm not really one for religion."

The Anzati says:

"I see that."

Glaring at Ekhralon. Revan doesn't look at him, continuing to look forward. He says:

"She's under my protection..."

The Anzati's tendrils flare and he shouts:

"She is a Jedi!"

Revan looks at him calmly and says:

"I'd hate to mess up this beautiful building."

The Anzati's neck snaps to Revans and he takes a deep breath and says:

"Come. We have much to discuss."

The group walks into a back room. Revan and the others sit and the Anzati leader stands, he says:

"We are grateful for your contribution to our goals Revan; however, we would like you to do something for us."

Revan sits back and says:

"I thought I was allowed to pursue my own goals."

The leader says:

“You are Sith, which means the pursuance of our goals is the pursuance of yours... or have you forgotten?”

He locks eyes with Revan. Revan pauses and doesn’t respond then leans forward and says:

“I never forget.”

The Anzati says:

“Good, good. We need you to find and recover and item from a Jedi temple near Mandalore...”

Revan laughs and says:

“1 temple?”

The Anzati sighs and says:

“It’s an ancient temple of a Korribani Jedi.”

Revan cocks his head and says:

“Korribani Jedi? That’s not possible.”

The Anzati laughs and says:

“Did you and your apprentice not become Sith? After being a Jedi?”

Revan says:

“How much of a Jedi could a Korribani even be? It’s Korriban.”

The Anzati says:

“That’s irrelevant, we need the blade inside of the temple, it’s of ancient and religious significance.”

Revan stands and says:

“It’ll be done.”

The Anzati pauses for a second and then says:

“It’s on Malachor V.”

The room goes silent. Malak says:

“No, we’re not doing that.”

He stands to leave while Revan is still frozen. The Anzati responds as he leaves:

“You don’t have a choice Malak.”

Ekhralon stands and the Anzati says almost dismissively, almost offensively:

“We can always rely on the Realm of Shadows, correct?”

Revan continues to leave without saying a word, Ekhralon runs over to him and says:

“What’s Malachor V?”

Revan says:

“Don’t think about it, just enjoy yourself.”

Coldly. She looks at him then spots the food table and runs over to it and starts to eat.

Malak turns to Revan and says:

“She loves food…”

Revan says:

“Didn’t you when you were a teenager?”

Malak says:

“I was more concerned with not dying during the Mandalorian wars.”

Revan says:

“Ah. Of course. The good old days.”

The Anzati leader comes back into the throne room and says:

“Ladies and Gentlemen, for our sacrifice today we have a Jedi padawan captured in the outer rim!”

The Sith start to cheer and Ekhralon comes back to them and says:

“Sacrifice?”

Malak says:

“Usually not our favorite part of the night.”

Revan says:

“Religion can make you crazy.”

A boy walks out in chains, and an executioner comes out with an ancient Sith blade. They place the boy on a chopping block, and the executioner raises his sword, then stops, he’s struggling, we feel the force ripping around him. The room goes silent as a man walks in slowly with a black hood on. The entire room looks over at him, Sith retreating in fear and Revan watches as he puts his hood down, he’s a pureblood Korribani. On his back a physical sword. As he walks, he’s like a black hole, ancient, horrifying even to other Sith. The Anzati leader watches in silence. He looks over at Revan and smiles, then stops and slowly turns to the leader and says:

“I’d like to do it.”

The leader shaken stumbles over his words:

“Of- Of course. Ple- please.”

And indicates for the executioner to leave. The Korribani throws the executioner against a wall with a swift and light movement of his hand. The Korribani starts to talk:

"Don't worry boy, you're not dying to the blade of a Jedi, or a Sith today."

He pulls out the sword:

"This is something far more ancient. It's an honor."

He raises the sword and cuts his head off. We watch Revan as he stands completely still not reacting. He turns around and leaves unfazed by the Korribani, the others look horrified watching Revan leave. An act of silent protest. The Korribani watches and slashes his blade out to his side clearing it of blood, then shouts:

"Are you not going to bow?"

Revan stops and turns around slowly and says:

"I don't worship the dead."

The Korribani shocked keeps his blade raised for just too long and then starts laughing and drops it, he looks at him smiling and waves at him as if to dismiss him. Revan and the three walk out and Revan walks to one of the lookouts, looking out over the land. Ekhralon says:

"Who was that?"

Malak says:

“No idea.”

Revan says:

“He’s pureblooded Korribani.”

Malak looks shocked and says:

“He’s from Korriban?”

Ekhralon says:

“What’s Korriban?”

Malak says:

“Ancient Sith world, the Sith began in Korriban, back then they still used physical swords, hence the ritual.”

Ekhralon says:

“Wouldn’t they melt against a lightsaber?”

Revan says:

“No, like Mandalorian armor it can deflect the plasma of the blade.”

The Korribani walks out and walks up to them. Revan turns. The Korribani says:

“You may be human, but you’re the most Sith person here.”

Revan says:

“Didn’t expect the man who made a cult go silent as if their savior had arrived would call me a true Sith.”

The Korribani smiles and says:

“The Sith used to be about using the Dark side effectively, and from what I’ve heard, you’re the most effective one alive. The religion was to control descent into chaos.”

Revan says:

“All the warring factions…”

The Korribani says:

“Of course, the simple mind is easier to control with a common goal.”

He slowly turns to Ekhralon and tilts his head. She stands still and slurps her drink through her straw. He says:

“I sense… an immense darkness in you.”

She puts her hand out and says:

“It’s nice to meet you too.”

He shakes her hand while laughing and Malak looks jealous again and looks over to her with a violent look but doesn't say anything. The Korribani then turns to Revan and says:

"I challenge you to a duel."

Revan says:

"To the death I'm guessing?"

The Korribani says:

"Naturally."

Revan laughs and says:

"Sure, when and where."

The Korribani says:

"2 hours, and in the courtyard."

Revan says:

"I'll be there."

The others look confused. The Korribani leaves and Ekhralon says:

“You’re going to fight a pureblood sith in front of all the Sith?”

Malak says:

“If you kill him, they will kill you.”

Revan says:

“A challenge has been made; you have to follow through.”

He sighs leaning against the wall as he rubs his eyes in frustration he says:

“It’s the rules…”

We smash cut to Bastila at a republic dinner party, there are politicians in golden and white robes walking around the room, and other Corruscanti type clothing, high wealth. Bastila is in a cleaner, sleeker version of her normal Jedi robes, her Padawan runs up to her and says:

“Why are we here?”

Bastila says:

“It’s important for you to understand how the galaxy works, these are the people that run everything else that we aim to protect.”

The padawan says:

“These are the people running the galaxy? Do they fight?”

Bastila laughs and says:

“No of course not little one.”

Her padawan then says:

“So how do they protect people?”

Bastila says:

“By leading, by organizing their militaries, they fight as a unit.”

The Padawan says:

“Wouldn’t it be better if they also fought with their people? Like we do?”

Bastila says:

“That would mean putting their lives at risk.”

The padawan says:

“Isn’t that what being a leader is?”

Bastila looks confused and just says:

“No more questions, go find food or a drink or... a friend.”

A waiter moves past with a tray of champagne, Bastila takes 2, downs them both and puts them back, the waiter raises a single eyebrow in response, judging silently. She sighs as he walks away. A council member walks up behind her and stands next to her, she jumps and then realizes who it is. The Jedi says:

"Bastila, so good of you to make it."

Bastila says:

"Do you wear sound erasing shoes or something?"

The Jedi says:

"No, they're sound minimizing, more importantly, we need you to address the senate tonight."

Bastila says:

"Me? I shouldn't have drank..."

The jedi continues:

"You should drink more..."

Bastila says:

"Why me? You're all here?"

The Jedi says:

"You come across as more human and, on their level, than on ours."

Bastila raises an eyebrow and says:

"An insult inside of a complement, that's top tier word comprehension."

The jedi smiles and says:

"You'll be addressing them on the recent developments with Darth Revan."

Bastila sighs and says:

"Great, my favorite topic."

The jedi council member laughs and says:

"I told you, you should drink more..."

He starts to leave. Bastila grabs another champagne glass from another waiter and says:

"When in Coruscant I guess..."

We cut to the courtyard of the Sith cult world. The Korribani and Revan are standing in the center or a circular sigil carved duel ground, the only sands the wind as it wips around the area, an electricity in the air as they start to circle each other as the other Sith watch on. The korribani force jumps towards Revan and Revan smashes him into

the ground, barely moving. The Sith around them reacting to every move. The Korribani gets up like an animal and moves forward slowly but violently, muscles tensing. Revan slowly walks towards him, the korribani swings, and Revan dodges the blade and punches him in the liver, he falls to the ground and Revan walks away.

The Korribani shouts:

"Fight ME!"

Revan stands still and the Korribani runs at him, Revan reacts but the Korribani sikes him out, swings and Revan force jumps back away from his blade. Revan engages his lightsaber, and the scream makes the Sith recoil around the two of them. Perfectly calm he walks towards the korribani, and suddenly engages the korribani with form 7, Joyu, a hyper aggressive and fast fighting form, he transitions to form 4. Then pulls out a second light saber which screams alive with a purple blade and stands still. He pushes them out into the air using the force and they start to spin. He throws them at him and jumps back into the duel. A hyper aggressive form of dual wield form 7. The Korribani becomes overwhelmed, and force jumps back. We see the blood filling his eyes. Revan stands and says as his blades slowly return to his hands:

"I'll do you the respect of trying."

He engages the blade repeater on both of his sabers. The Korribani says:

"And I'll match that."

The Korribani's eyes close as Revan walks slowly circling his front. He opens them and they're a solid black as all sound cuts. There's no other sound as he shouts:

"KORRIBAN!"

Black force lightning blasts from his hands Revan drops his blades and puts his arms out absorbing the force energy. We see the Korribani's eyes black now with electricity ripping through them, burning his own face as he tenses his muscles growling, as the lightning strikes off, at his people in the crowd turning them to ash, Revan directs the lightning towards the ground and dust starts to fill around him. The korribani stops and he can't see Revan as he hyperventilates. The Korribani cheers and the Sith around him cheer, Ekhralon and Malak look horrified, the Korribani turns around to the leader and sees him smiling. The Korribani puts his arm out in victory and suddenly Revan jumps out of the cloud and force grabs the Korribani's blade and lands silently as a distorted synth rips, he places the blade against his neck. His mask smashed in half, the burning flesh red as his eyes are glowing black, his clothes burned off completely, and half his body molten, the korribani stops and his face drops. He turns around with a smile and says:

"You're more powerful than I thought."

Revan flips the blade around and gives it back to him. The crowd is silent. They stand face to face and the Korribani says:

"You might want to cover *that* up..."

Revan force grabs one of the robes on the ground from the sith that was hit. He puts it on and force grabs his blades and disengages them and the Korribani says:

"You showed me mercy?"

Revan says:

"Look around, what would happen if the outsider, ex-jedi killed a pureblood Korribani Sith?"

The Korribani smiles and says:

“You are a true Sith.”

Revan walks away and facetiously bows to the leader of the Sith who’s standing in horrified shock as he says:

“Thank you for the invitation, same time next year?”

He walks away with Ekhralon and Malak by his side, the crowd of Sith part, terrified as they walk through them. The Korribani looks down at his blade a sees a drop of blood. He puts his hand on his neck, and looks at it, Revan nicked him. He looks up and smiles as Revan leaves.

We cut to Bastila standing in front of all the senators, she says:

“Is this on?”

She taps the mic creating a sharp ringing and says:

“Sorry.”

She enables a holographic image of the jedi temple that was attacked and says:

“Good evening to you all, I’m Bastila, a Jedi master who’s been investigating recent assassinations, culls, and attacks on the Jedi in the galaxy, and recently there have been a few major developments.”

The image changes to Revan, as she says:

“Darth Revan, as I’m sure you all know him by Revan, has been building what the Sith are calling the:

‘Realm of Shadows…’”

There’s a pause and then she continues:

“It’s a secretive force sensitive Sith-adjacent assassination force.”

One of the members of the council say:

“Why should we be afraid of a singular Sith faction? The empire is the problem!”

The senators react in accordance. Bastila says:

“Because recently Revan has found the Jedi holocron that was made detailing the lost and now forgotten catacombs and early sewer systems of coruscant, something the republic does not have knowledge of.”

One of the senators says:

“Why don’t we have knowledge of the sewers?!”

Bastila says:

“Because the Jedi council saw fit to remove access such that it would remain secret.”

Another senator says:

“So, by trying to keep us safe you’ve opened us up to attack?”

Bastila says:

“I didn’t do shit, they did.”

She points over to a council head who looks angrily at her, and she corrects herself and says:

“But that’s beside the point, the Jedi council will be putting a Jedi security detail on all of you to ensure your security, to ensure your privacy each Jedi council member will be under your orders, specific situations not accounted for of course they will do what you say.”

There’s a senator in the back watching intently standing up. She says:

“Is that crystal clear?”

The senators harumpff and separate. A man comes up to Bastila and says:

“I knew Revan, the best Jedi duelist there was, and now as a Sith obviously formidable, if he attacks our chambers in the night what are our chances we live?”

Bastila turns around and sighs, she then says:

“I have no idea; I wouldn’t count on it. Tomorrow at the republic meeting push forward a motion to evacuate all senate families. If I can’t tell them what to do, maybe you can.”

The man says:

“I can try, but senators tend to dislike other senators more than jedi… and for some reason their home planets too.”

Bastila says:

“Well, that is politics, I’m not surprised.”

She starts to leave, and the man grabs her arm, he says:

“Who is the chancellor going to have watching over him?”

Bastila says:

“The templar knights as always...”

He says:

“If I were you, I’d convince him that you should.”

Bastila says:

“Me?”

The man says:

“You’re a formidable master, you survived the Mandalorian wars, so I’d say that you’re more than qualified.”

He lets go of her and says:

“Think about it.”

She starts to leave, she looks back at him with a look of confusion, we cut to her and she says:

"How do you know that?"

We wipe cut to the Star Forge, inside of the training room a hologram of coruscant can be seen. Revan is standing in the center. He begins:

"Alright! This is the plan."

The hologram expands filling the room and zooms into the sewers. Revan points and says:

"These are the catacombs and sewers systems of Coruscant, but these..."

Red glowing tunnels appear.

"Are the old catacombs and sewers, the information was hidden away to stop bounty hunters from trying to find them. We will be using these tunnels to take out the Chancellor of the republic."

Malak says:

"We're going to kill the chancellor?"

Ekhralon says:

"Really? Isn't coruscant literally home to the main Jedi Temple?"

Revan says:

"Yes, it is, and yes, we really are. The plan is to destabilize the republic such that the empire can attack and move forward on certain planets within the outer rim, we're the distraction and by the time they hear about the outer rim, it'll be a river of blood."

Malak says:

"So, the goal is to take out one guy?"

Revan laughs and says:

"No, we'll be taking out him, and his list of potential successors leaving the senate in ruins and the political power of the republic in shambles."

Malak says:

"How many people do we need?"

As Revan speaks, we intercut with clips of the event set to heist music, Revan says:

"6, we'll be smuggled into coruscant in wine barrels, then once we arrive, we'll make our way down to the main sewer system then into the old catacombs to stay off the streets. We'll make our way into the palace's old sewer system."

Ekhralon says:

"That'll smell..."

Revan says:

"After becoming smelly we'll make our way out of the sewer into the main halls, one of the old sewers bisects a hallway in the southern most part. As Ekhralon and I continue through, the rest of you will split up with your own unique maps taking you to different senator's homes, and you will kill them."

Malak says:

"You and Ekhralon are taking out the chancellor?"

Revan says:

"As the newest recruit, she'll have to understand the defenses of the Republic or do you think I'm wrong in training the newest person here Malak?"

He goes silent and Revan says:

"Good. Now, Ekhralon and I will make our way up to the main palace bed chamber and I have absolutely no idea what will be waiting for us there."

He claps and we transition to Ekhralon and Revan covered in blood walking up the stairs, she says breathing heavily and stretching as they stop at the top:

"Can you find out how many floors there are next time please?"

Revan takes a breath and says:

"I'll take that under advisement"

They look down a hallway and ekhralon spots a water cooler, she grabs a paper cup and starts to fill it up. Revan leans against the walls and says:

"You realize we're not supposed to leave evidence..."

Ekhralon says:

"I'll hold onto the cup."

Revan says:

"They'll watch the security camera footage, this might be your most up to date photo, by tomorrow it'll be on every news station and billboard."

Ekhralon says:

"Should I strike a pose?"

Revan sighs and starts to walk down the hallway to the chancellor's door. They open the door and walk in, Bastila is standing in front of the main bedroom door. She stands up suddenly and lights her lightsaber as she says:

"Ekhralon?"

In disbelief. Revan and Ekhralon slowly walk and Ekhralon sits down. Revan pours himself a drink and Bastila says:

"What are you doing?"

Revan says:

“I’m dehydrated.”

Bastila says:

“That’s alcohol, it’ll dehydrate you even more.”

Revan looks down at it and says:

“Oh be quiet…”

He downs the glass and turns around. He then says:

“You won’t need that.”

He uses the force to turn off her light saber. She looks shocked and says:

“Don’t turn off my light saber!”

Revan says wiping his mouth and pouring another drink:

“Why not?”

She says:

“Because it’s my light saber!”

She turns it back on and he turns it off again as he and Ekhralon start laughing. Bastila says:

"I was expecting some sort of fight. Why are you turning off my weapon?"

Revan says:

"Because it wouldn't be a fight it'd be an execution."

Bastila says:

"You don't know that."

Revan says:

"You're Bastila Shan, a jedi master, you know all 7, but are only capable of fighting in 3 forms, and it wouldn't be a fight."

She says:

"You want to bet?"

There's a pause as he looks at her in silence, Revan force grabs her light saber and throws it out of a window and says:

"You want to fight me with a lightsaber?"

He throws his on the ground and says:

“Use a real one.”

She force-grabs it and engages it. As it screams on, she’s hit with the images of Jedi who have fallen to it, and a tear starts to fall. She says:

“This shouldn’t exist.”

Revan puts out his arms and says:

“Neither should I, yet here I am.”

We focus on Revan’s face and then see the room in black and white, different possible attacks she could make run through. We zoom back into his face as all sound drops and she force jumps forward; Revan force jumps sideways and force throws her against a wall. She crashes to the ground. Revan then slowly walks up to her as she starts to float. A red and black mist starts to flow from her eyes and mouth and his hand glows white as he absorbs her life force, we see her start to die, then he drops her and says:

“I don’t need a weapon to kill you.”

He blows open the chancellor’s bedroom doors and walks in with Ekhralon in tow. The chancellor is on his knees, his wife on the other side of the room. The chancellor says:

“Please don’t kill her… please.”

Revan puts his hand out and chants in Sith, the chancellor’s eyes roll into the back of his head. He then stands up and walks past them, the wife screams:

“What are you doing?!”

He walks to the balcony and jumps. The wife screams, Revan walks towards her and starts to life drain her as he walks back out. She drops in front of Bastila who's still conscious but can't fight Revan kneels next to her, sighs and says:

"Give a message to the council for me?"

He gets closer and says:

"The age of the Jedi is over."

He then steps over her body and walks out with Ekhralon. We smash cut to credits.
